9 August 1997

Dear Sir or Madam:

No way --- unless a prpduct is 100% made in the USA it should mot have a lable indicating it was Made in America.

Label it properly - Partially made in. America or Some Made in America or some other description to indicate it was not all made in the USA may be O.K. BUT if it is not 10C% American it cannot claim to be.

Sincerely,

**Roland J. Quinn**
